AUDIO-TECHNICA HEADPHONES

Audio-Technica's wide range of superb-sounding, stylish-looking headphones fits any enthusiast's budget. It has a line "designed specifically for women" that comes in a selection of vibrant metallic finishes, including blue, green, pink, and silver. ATH-ANC3 kit (SRP \$100) pictured: headphones; three sets variably sized earpieces; extension cable; airplane connector; AAA battery; and travel case. Available at Apple Stores®, other authorized retailers, and <www.audio-technica.com>.

MAGNEATS

One of the most annoying aspects of portable audio devices today—headphone wire management—neatly is solved with Magneats. Coin-sized Magneats fashionably control and accessorize headphone wires for iPods, MP3 players, mobile phones, and other portable audio devices. Attach Magneats to virtually any type of clothing. It keeps the wires safely close to your body. Solid colors \$14.99; design \$19.99. <www.magneat.com>

Beatles Box of Vision

Beatles Box of Vision is a unique, elegant way to organize and display all 32 discs of The Beatles core catalog. It comes with the first LP-size book containing all the LP artwork, and catalogography, a new, full-color discography with photos, text, and track-listings—the first-ever side-by-side presentation of the UK albums and their US counterparts. Why guess which CDs are needed? Give them this ingenious system for their treasured albums. \$89.99. <www.BoxOfVision.com>

TATTOO GOO

With the increased popularity of tattoos comes a need for increased safety and proper care embodied in Tattoo Goo, a line of products to care for tats, and ensure they always look great. Tattoo Goo is the premier body art aftercare line sold in tattoo parlors, and recommended by artists all over the world. Prices, products, and locations available at <www.tattoo goo.com>.
